

Specification;

Amend the paragraph on Pages 6-7 titled : BRIEF INTRODUCTION TO THE DRAWINGS as follows:

In order that the invention may be readily understood, specific embodiments thereof will now be described with reference to the accompanying drawings in which:

Figures 1a -1i are schematic views illustrating successive steps in forming an amusement device including an image carrier sheet illustrating the head of a bear;

Figure 2a is a schematic plan view of another image carrier sheet in flat condition;

Figures 2b and 2c are schematic perspective views from respective opposite ends of the image carrier sheet of Figure 2a when folded to form corrugations showing the image strips seen directly and by reflection, respectively;

Figure 3 is a schematic perspective view of the image carrier substrate of Figure 2b mounted on a display box having a lid mounting a suitably positioned mirror to show the resulting composite image;

Figure 4 is a schematic perspective view of the a corner of a bathroom with tiles forming image carrying substrates suitably positioned in front of a mirror showing the different reflected images formed by second sets of image fragments on respective ; and

Figure 5 is a schematic perspective view of another method of forming an amusement device employing a lenticular screen.
